

SUMEDH KHILLARE

Full-Stack Developer | Software Development Engineer | Java & Python | React.js · Node.js · MySQL

Pune, India | sumedhkhillare.98@gmail.com | 7066847292 | [linkedin.com/in/sumedhkhillare](https://www.linkedin.com/in/sumedhkhillare) | github.com/sumedhkhillare

SUMMARY

A dedicated Computer Science Engineering graduate (B.Tech, 2026) with a genuine passion for building well-crafted software across the full technology stack. Proficient in Java, Python, React.js, Node.js, and MySQL, with practical experience integrating AI/ML and computer vision into real-world applications. Has independently designed and delivered four end-to-end projects — spanning full-stack web platforms, Java-based database systems, and a blockchain-driven energy trading framework — culminating in a research paper accepted at ICSICE. Certified in AWS re/Start and Oracle Cloud Infrastructure, with a solid grounding in Data Structures & Algorithms, Object-Oriented Programming, and Database Management Systems. Eager to bring a strong technical foundation, disciplined work ethic, and genuine curiosity to a Full-Stack Developer or Software Development Engineer role.

SKILLS

Languages: Java, Python, C++, C, JavaScript, SQL

Web Technologies: React.js, Node.js, Express.js, HTML, CSS, Tailwind CSS, Flask, MongoDB, MySQL

Core CS Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Tools & Platforms: Git & GitHub, Postman, MySQL Workbench, NetBeans, JDBC, DBUtils, Tableau, Excel

AI/ML & Emerging Tech: Machine Learning, Computer Vision (OpenCV, YOLO), LSTM, Regression Models, Cloud Computing, Virtualization, Blockchain (Smart Contracts, Hardhat)

Languages Spoken: English, Hindi, Marathi

PROJECTS

Airline Management System

Java, Java Swing, AWT, JDBC, MySQL, JDateChooser, DBUtils, MySQL Workbench

- Engineered a Java desktop application handling login, customer registration, PNR-based flight search, booking, boarding pass generation, payments, and cancellations.
- Connected the application to a MySQL database via JDBC to manage passenger, flight, reservation, and cancellation records reliably across modules.

Resume Builder & Analyzer

React.js, Node.js, Express.js, MongoDB, JavaScript, Tailwind CSS, Gemini API

- Built a full-stack AI resume analyzer and builder with secure user authentication and structured API endpoints across React.js, Node.js, and MongoDB.
- Integrated the Gemini API to power ATS score checking and generate personalized, AI-driven resume improvement suggestions.
- Designed an integrated resume builder module enabling users to generate ATS-optimized resumes directly within the app.

ML VisionAI – Multi Object Detection System

Python, Flask, YOLO, OpenCV, Flask-CORS, React.js, HTML, CSS, JavaScript

- Developed an AI/ML object detection system using YOLO and OpenCV to identify multiple objects within a single image.
- Built a Flask-based web interface allowing users to upload images and view labeled bounding boxes with confidence scores in real time.

Integrated Blockchain & AI Framework for Decentralized P2P Energy Trading

Blockchain, Smart Contracts, Hardhat, AI/ML, LSTM, Regression, IoT, Node.js, Chart.js

- Designed a decentralized platform enabling direct peer-to-peer renewable energy trading between consumers and prosumers using blockchain and smart contracts.
- Applied LSTM models for energy demand prediction and regression models for dynamic pricing, simulating secure transactions via a Hardhat-based framework.
- Co-authored a research paper accepted at ICSICE, contributing to model development for the decentralized trading platform.

CERTIFICATES

AWS re/Start Graduate — Amazon Web Services Training and Certification | Oct 2025 – Jan 2026

Oracle Cloud Infrastructure 2025 Certified Foundations Associate — Oracle University | Nov 2025 – Dec 2025

EDUCATION

B.Tech, Computer Science Engineering | Ajeenkya D Y Patil University, Pune
[Start Year] – 2026 CGPA: 7.17 / 10

HSC (12th Grade) | Atomic Energy Junior College No.1, Tarapur
[Date Range] Percentage: 74 / 100

CBSE (10th Grade) | Atomic Energy Central School No.1, Tarapur
[Date Range] Percentage: 77.8 / 100
